

§ 950.303

5 CFR Ch. I (1–1–05 Edition)

False certifications are presumed to be deliberate. This presumption may be overcome by evidence presented at the hearing.

(d) The failure of a national federation to respond in a timely fashion to a request by the Director for required information or cooperation in an investigation or a settlement of disbursements may be grounds for decertification, provided that a decision to decertify is preceded by a hearing on the record and communicated in writing.

(e) Each federal federation, as fiscal agent for its member organizations, must ensure that Federal employee designations are honored in that each member organization receives its proportionate share of receipts based on the results of each individual campaign.

§ 950.303 Local federations eligibility.

(a) LFCC's must approve local federations that conform to the requirements.

(b) By applying for inclusion in the CFC, federations consent to allow the LFCC and Director complete access to it and its members' CFC books and records and to respond to requests for information by the LFCC and the Director.

(c) An organization may apply to the LFCC for inclusion as a local federation if the applicant has as members of its proposed federation, 15 or more charitable organizations that meet the eligibility criteria of § 950.202, § 950.203, and § 950.204. The initial year an organization applies for federation status, it must submit to the LFCC applications of all its proposed member organizations in addition to the federation application. Federations must re-establish eligibility each year, however, the applications of its member organizations need not accompany the annual federation application once an organization has obtained federation status.

(d) After an organization has been granted federation status, it may certify that its member organizations meet all eligibility criteria of §§ 950.202, 950.203, and 950.204 to be included on the Local List. While deference should be given to federation certifications, the LFCC, during the review process, may request independent evidence of individual member organization's eligi-

bility. Federation status in a prior campaign is not a guarantee of federation status in a subsequent campaign. Failure to meet minimum federation eligibility requirements shall not be deemed to be a decertification subject to a hearing on the record.

(e) An applicant for local federation status must certify and/or demonstrate:

(1) That all member organizations seeking participation in the CFC are qualified for inclusion on the Local List and provide a complete list of those member organizations it certified.

(2) That its financial records, practices and procedures conform to generally accepted accounting principles and is annually audited by an independent certified public accountant in accordance with generally accepted auditing standards. A copy of the annual audit must be included with the application. The audit must verify that the federation is honoring designations made to each member organization. The audit requirement is waived for newly created federations operating for less than a year.

(3) That it does not employ, in its CFC operations, the services of private consultants, consulting firms, advertising agencies or similar business organizations to perform the policy-making or decision-making functions in the CFC. It may, however, contract with entities or individuals such as banks, accountants, lawyers, and other vendors of goods and/or services to assist in accomplishing its administrative tasks.

(f) The LFCC will notify a federation if it is determined that the federation does not meet the eligibility requirements of this section. A federation may appeal an adverse eligibility decision in accordance with § 950.205.

(g) The Director may waive any eligibility criteria for federation status if it is determined that such a waiver will be in the best interest of the CFC.

§ 950.304 Responsibilities of local federations.

(a) Local federations must ensure that only those member organizations

that comply with all eligibility requirements included in these regulations are certified for participation in the CFC.

(b) If the LFCC requests information supporting a certification of local eligibility, that information shall be furnished promptly. Failure to furnish such information within 10 business days of the receipt of the request constitutes grounds for the denial of local eligibility.

(c) The Director, upon recommendation by the LFCC, may elect to decertify a federation which makes a false certification for up to one campaign year, subject to the requirement that any federation that the Director proposes to decertify shall be offered the opportunity to have a hearing on the record on the proposed decertification, followed by a written decision stating the grounds for the decertification. False certifications are presumed to be deliberate. The presumption may be overcome by evidence presented at the hearing.

(d) The failure of a local federation to respond in a timely fashion to a request by the Director or the LFCC for required information or cooperation in an investigation may be grounds for decertification, provided that a decision to decertify is preceded by a hearing on the record and communicated in writing.

(e) Each federation, as fiscal agent for its member organizations, must ensure that Federal employee designations are honored in that each member organization receives its proportionate share of receipts based on the results of each individual campaign.

Subpart D—Campaign Materials

§ 950.401 Campaign and publicity materials.

(a) The specific campaign and publicity materials, such as the official brochure, will be developed locally, except as specified in these regulations. All materials must be reviewed by the LFCC for compliance with these regulations and will be printed and supplied by the PCFO. All publicity materials must have the approval of the LFCC before being used. Federations must notify the PCFO in writing of their de-

sire to participate in the development of campaign and publicity materials. The PCFO must respond in a timely manner to a federation's request to participate in the development of campaign and publicity materials. Federations must also respond in a timely fashion in the development of campaign and publicity materials.

(b) During the CFC solicitation period, participating CFC organizations may distribute bona fide educational materials describing its services or programs. The organization must be granted permission by the Federal agency installation head, or designee to distribute the material. CFC Coordinators, Keyworkers or members of the LFCC, are not authorized to grant permission for the distribution of such materials. If one organization is granted permission to distribute educational materials, then the Federal agency installation head must allow any other requesting CFC organization to distribute educational materials.

(c) Organizations and federations are encouraged to publicize their activities outside Federal facilities and to broadcast messages aimed at Federal employees in an attempt to solicit their contributions through the media and other outlets.

(d) Agency Heads are further authorized to permit the distribution by organizations of promotional pamphlets to Federal personnel in public areas of Federal workplaces in connection with the CFC, provided that the manner of distribution accords equal treatment to all charitable organizations furnishing such pamphlet for local use, and further provided that no such distribution shall utilize Federal personnel on official duty or interfere with Federal government activities. LFCC members and other campaign personnel are to be particularly aware of the prohibition of assisting any charitable organization or federated group in distributing any type of literature, especially during the campaign period. Nothing in this section shall be construed to require an LFCC to distribute or arrange for the distribution of any material other than the Campaign brochure and the pledge card.
